

lib/my/inttochar.c

```
graph TD; A[lib/my/inttochar.c] --> B[my.h]; A --> C[stdlib.h];
```

The diagram illustrates a C source file, `lib/my/inttochar.c`, which includes two header files. Two blue arrows originate from the bottom of the `lib/my/inttochar.c` box and point to the `my.h` and `stdlib.h` boxes below it. The `my.h` box has a black border, while the `stdlib.h` box has a gray border.
