

lib/formatstring/displaypercent.c

```
graph TD; A[lib/formatstring/displaypercent.c] --> B[formatstring.h]; A --> C[stdarg.h]; B --> C; B --> D[unistd.h];
```

A dependency diagram showing the relationships between source files and headers. At the top is a box labeled 'lib/formatstring/displaypercent.c'. Two arrows point from this box to 'formatstring.h' and 'stdarg.h'. From 'formatstring.h', two more arrows point to 'stdarg.h' and 'unistd.h'.
